

As of September 29th 2021, all national Covid-restrictions have been lifted the Swedish Public Health Authority

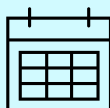

You are still advised to stay at home and get tested if you experience any symptoms, and to keep your distance to elderly people if you are not yet fully vaccinated

At Icemakers we keep the following measures in place to ensure extra safety and convenience for our staff and customers:

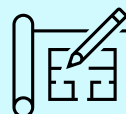

Reduced capacity in reception and common areas

Kitchen and social rooms booked by one group at a time

Hand sanitizer provided in all facilities

Adaptation of facilities as per customer guidelines

Vaccination Statistics as of October 15th 2021

(portion of population above 16 years of age that has received two doses)
